

HUMAN RELIEF ORGANIZATION (HRO)

Registered with Securities & Exchange Commission of Pakistan (SECP), and EAD (Economic Affairs Division) HRO is a humanitarian, tax exempt, non-profit organization dedicated to the relief of human (especially orphans & widows) suffering among underprivileged people.

MISSION

The HRO Projects and Missions are to provide basic Healthcare facilities, education, capacity building, food and clothing to the less fortunate around the world who lack resources, knowledge and skills, and who are limited in obtaining the fundamental necessities for a nominal quality of life.

CORE VALUES

HRO's policies, programs and practices are based on core values which declare that the needs of humanity are best served by supporting those conditions and activities that integrate service to body, mind and spirit. By acting on such values, beneficiaries can be brought from a state of helpless dependence to one of personal and community independence and empowerment.

BACKGROUND

Registered with Government of Pakistan, HRO is a National, humanitarian, tax exempt, non-profit organization dedicated to the relief of human suffering (especially orphans & widows) among underprivileged people especially those affected badly by Oct 2005 earthquake. All of the work has been accomplished on a totally Volunteer Basis, including the service of the director.

“Free Eye Camp Program” Eye camp at Village Shah Maidan, near Islamabad, HRO Conducts frequent eye camps in distant areas where there are no such facilities are available.

HRO Clinic Program: Clinic at village near Bari Imam. HRO supports and provides clinics at distant areas where no such facilities are available. These clinics provide primary healthcare facilities by qualified doctor's & Para-medical staff

HRO serves as a link to bring together those individuals, corporations, institutions and

other entities that are possessed of essential resources and good will so as to provide relief and empowerment to those beneficiary individuals, non-profit corporations, institutions and other entities who lack resources, knowledge and skills, and who are limited in obtaining the fundamental necessities for a nominal quality of life. Such necessities include shelter, health, sustenance, clothing, education and a viable spiritual consciousness, and the local infrastructure that acquires, creates, maintains and distributes these resources and empowers their local community.

HRO Clinic Program: Clinic at village Sohan (Rural Area of Islamabad). HRO supports and provides clinics at distant areas where no such facilities are available. These clinics provide primary healthcare facilities by qualified doctor's & Para-medical staff

LEGAL STATUS

- Registered with Securities & Exchange Commission of Pakistan (SECP) as a Non-Profit Organization Limited by Guarantee under Section 42 of Companies ordinance, 1984. (Registration No.5900/20060901)
- Registered with Ministry of finance & Economic Affairs Division, (EAD) wing.

THE STORY OF HRO

In today's modern society, where people are trapped in a world of commercialism and consumerism, an organization that exists purely to serve humanity comes across as a breath of fresh air. Since devastating earthquake of Pakistan, HRO has been providing that air through numerous charitable projects conducted in economically depressed areas of Pakistan. HRO helped people by participating in relief activities and starting new projects in Earthquake affected areas in emergency relief, health, education & capacity building

Medical Camp Program: HRO's Free Medical Camp at village Bagla, Dhirkot - HRO arranges frequent free medical camps at distant poor villages where no such health facilities are available.

APPROACH

HRO is operational in Pakistan to achieve sustainable social & economic development of Orphans & widows especially, in collaboration with local communities, Government & other Partner organizations. This integrated Participatory approach generates greater ownership of Programs.

THE PROGRAMMES

HRO focuses on providing basic Healthcare facilities, education, capacity building, food, clothing to orphans, widows, vulnerable and less fortunate around the world who lack resources, knowledge and skills, and who are limited in obtaining the fundamental necessities for a nominal quality of life. HRO's priority is education & capacity building, especially women's education. "But we realized that when people don't even have one proper meal, how can they worry about education?"

Hence we spend time toward social welfare and health care as well." HRO Programs are based on the belief that education is the answer to most, if not all, of their problems.

Also we have to realize that we must pay attention to social welfare programs as well as healthcare programs, due to the fact that a hungry child, without proper clothes, or with a disease, cannot be in a position to acquire any kind of education. Hence it became obvious that we must provide a comprehensive solution that addresses the entire well-being of a child, his family and of a community, instead of just focus on one aspect of it.

Support a School: Morning Assembly of Students of School in in Rojhan (Flood & Cyclone affected area) HRO opens new schools or assist existing schools in economically depressed areas to improve literacy rate and quality of education

Information Technology Training Program: Financial & Technical assistance to acquire computer literacy and hardware & software development & Mobile phone repairing skills. HRO computer training centre at Rojhan (Flood & Cyclone affected area)

Accomplishments in Pakistan

- Completed registration with SECP & EAD
- Introduced its mission and operations to community
- Formalized and executed the organizational infrastructure, policies and procedures
- Supported Earthquake Affectees in AJK
- Started other chapters in Pakistan - Islamabad, Kashmir, South Punjab, Balochistan, Sindh
- Supported Cyclone & Flood Affectees in Sindh
- Educational, Vocational & Healthcare Projects
- Healthcare Projects,
- Social Welfare Projects

Future Aspirations

- Strengthen HRO infrastructure in Pakistan.
- Support 100 students every year
- Construct 10 class rooms for schools
- Establish an Endowment (Waqf) to break the cycle of dependence on donations
- Work with community members and identify appropriate candidates for HRO advisory board as well as Board Membership
- Continue to transform HRO as a community based organization and open chapters throughout country

Message

- A platform for all
- Get involved in global community development
- Support HRO projects – volunteer & donate
- Initiate projects at the areas of your choice ~ donor specified projects
- Start chapters at various communities in Pakistan and work towards a change for betterment of humanity
