

HRO UPDATE

Fall 2011 Edition

THE EBGC POST

Organizations need help

There are several wonderful organizations that are in need of a couple of things: The first is a desktop computer. If you have one or know someone who has one they would be willing to donate let us know and we will pass the word along. The second need is for a washing machine. There is a church that works with the homeless and they let them wash their clothes and their washer just broke. So again if you know someone who has one please let us know and we will make arrangements to pick it up. What a blessing for this church to wash the homeless clothes. Clean clothes is something we take for granted and now it is the chance to give back.

FROM THE GALAXY TO THE NEW WORLD

Things have changed since we became the Elmer Back Gifting Center. When we were the old Galaxy of Gifts. The United Way paid all our fees. The Arc gave us the warehouse space and provided us with computers, insurance telephone, transportation to do pickups, gas to do pick ups, card board recycling bin etc. You get the idea. When you come in and think this isn't like the old Galaxy, you are right, but just remember that all the things that the ARC provided we still have to have but, now we must pay the expenses by charging an administrative fee. We do not get any grants nor are we funded by anyone other than the organizations that we serve. Everyone at the Elmer Back Gifting Center is a volunteer. We are a new world, but with your help and support we can make it a better world for everyone.

"Smart Smiles"

A local club is doing something about tooth decay for its members. To learn more about the "Smart Smile" dental program for low income or uninsured children, call local coordinator Noelle Mangus at 223-7204.

Macy's Shop for a Cause

The Human Relief Organization invites would like to thank Macy's Peninsula Town Center in Hampton, VA for including us in *Shop for a Cause*.

Sea Rose International

Sea Rose is an international logistics company specializing in serving the needs of those who serve others, the least among us, overseas. We recognize that the charities we serve do not necessarily have the depth of experience that we possess. We assume all tasks required to move the aid supplies (clothing, medicines, medical supplies, food and educational supplies, etc). We take on your mantle allowing your team to focus on serving.

The Jungle Medic Missions

We just finished up with three back to back and they were all great. This last team we made up of some fantastic Doctors and PA's. Most of the PA's had specialties and the Doctors were both Emergency Room Doctors so I think this was the most advanced team we have ever had. Marleni and I learned a great deal from them.
