## Who's Who at ASP—Ray Atencio

Ray is the manager of A Storage Place—Redlands in Redlands, CA. Ray has a background in customer service. In the past he has worked in retail and direct sales. He enjoys his job at

ASP Redlands because he has the opportunity to build relationships with his customers. He loves that some customers chose to visit the office to make their payment rather than mailing a check because it gives him the chance to catch up with his tenants, and build relationships.

On a professional level, Ray believes that the Tierra Corporation runs the best storage facilities because our number one priority is customer service. Ray takes pride in the

fact that Tierra employees are trained to do what ever they can to keep our customers as happy as possible, to keep them renting with us as long as possible, and to build strong relationships with those customers along the way. Ray is always proud to sell a unit to a new customer because he knows that they will be happy at A Storage Place.

## Need RV Storage?

There are several different types of recreational vehicles that can be stored on many of our properties. They are; 1) motor homes, 2) travel trailers and 3) boats. Personal vehicles such as cars and trucks may also be stored. Our facility has both indoor and outdoor storage for these types of vehicles.

To be able to store a registered vehicle of any type, the person completing the rental agreement must be the registered owner of the vehicle. They must also provide proof of insurance. The registration and insurance must be kept current every year and the customer must provide copies of these documents.

# Tell A Friend!
